24-25/25 Parish Council ongoing Business Matters:

25.1 Dogger Bank 'D' (DBD) Cable Route & Access Roads.

Parish Councillor Ian Jowett gave a detailed presentation on the DBD on-shore cable corridor. Corridor Section B, which is part of the route that affects our Parish, commences on sheet 15 (Onshore Development Area for Statutory Consultation, June 2025), routing east-west along the south side of Aike. The cable corridor and access roads will have a significant impact on the village of Aike.

From here, the cable route runs parallel with Station Road, crossing the railway line south of Scarborough Ings (sheet 16). The corridor continues to run east-west along the north side of Scarborough, over the A164, towards Lockington (sheet 17). It then turns south, crossing Bealey's Beck, Bealey's Plantation (down Bealey's Lane), heading towards Raventhorpe and out of our Parish (sheet 18). These works will have a significant impact on Bealey's Beck and Bealey's Plantation, a local beauty spot.

The Statutory Consultation period is from 10<sup>th</sup> June to 5<sup>th</sup> August, closing on 5<sup>th</sup> August. The PC will provide collective feedback; however, the Chairman encouraged individual input from residents to be directed to DBD.

All documents that form part of the statutory consultation can be viewed on DBD website at [www.doggerbankd.com](http://www.doggerbankd.com)

Parish Councillor Ian Jowett volunteered to compile the initial feedback, and all parish councillors would provide their contributions. Once complete, the Clerk would send an official response to DBD on behalf of the PC.
